Build Steps:

1. Attach patterns to the wood using spray adhesive.
2. Cut out lid.
3. Cut out outside and inside lines of underside.
4. Glue underside to lid topside.
5. Cut on the center line of lid underside through both layers.
6. Cut inside line of box sides.
7. Glue box sides to a piece of 1/4" plywood.
8. Cut around outside of box sides through both layers.

Lid topside. Cut from 1/4" plywood. Cut out white portions, leave grey area.

Lid underside. Cut inside line and outside line. Leave center line to be cut after underside is glued to lid.

Box sides. Cut from 1/2" to 1" stock. Cut inside line only, glue to 1/4" wood, cut outside line.
